### AGENDA

#### 1 Tribal-State Compacts and the Indian Gaming Regulatory Act

This course provides a basic understanding of tribal-state gaming compacts in Washington under the Indian Gaming Regulatory Act (IGRA). Participants will review the topics that can be negotiated under tribal-state compacts with emphasis on investigations, jurisdiction, and access to records provisions and limitations. We will discuss the cooperative partnerships between each tribe and the state gaming agency and how other agencies can work together within that partnership.

#### 2 What to Do if Your Client Wins Powerball?

Winning the lottery is a once-in-a-lifetime event and so is having a client who wins the lottery. What do you need to know should this rare and exciting event occur? This presentation will walk you through the relevant laws, rules, and procedures to ensure you have all the answers (or at least know where to find them). In addition, it will cover post-claim events such as an assignment of future payments and the death of a winner.
